

Your Business Security Experts

Innovative
Intelligent
Informative

With one of our security systems installed in your business you can enjoy peace of mind knowing everything in and around your business is as it should be. Your valuable property will be safe and sound with 24x7 alarm monitoring provided by HTS. Surveillance cameras can provide an additional watchful eye on your property both inside and out. Even when you are away, you can keep an eye on things from your computer with an IP video server.

You can't be at your
business 24x7, but...
HTS can!

ALARM SERVICE	HTS	ADT	Brinks

Heritage Technology Solutions is a fully licensed Illinois Alarm Contractor Agency license #127.007438

24x7 Monitoring

HTS monitoring centers help protect what you value most 24 hours a day, 7 days a week. Trained professionals are watching your business and ready to contact the appropriate emergency agencies if necessary. In the event your phone line is compromised, HTS offers cellular backup service.

24x7 monitoring
starting at \$25/month
