

HTS AUDIO VISUAL SOLUTIONS

Your one-call resource for all your technology solutions FROM A TO V

BOGEN

SANYO

SONY

ViewSonic®

In recent years, many of our customers, especially those in community banking and library systems, have asked HTS to provide audio visual products and services. With the addition of our AV line, we can continue to address all our customer's needs.

HTS already had established relationships and partnerships with a number of AV vendors - allowing us to sell and service projector systems, background music, media solutions, digital signage and a host of other products.

LIBRARY SOLUTIONS

- Media Rooms
- Educational Labs
- Entertainment
- Fund Raising Events
- Youth Activities

"we appreciate your consulting expertise on the enhancements to our media room - the cost effective solutions your staff implemented matched our needs - we are looking forward to increased foot traffic, patron benefits and fund raising activities your system will bring to our library - we would recommend HTS to any business that needs support in your areas of expertise!"

**David Hoeper, IT Manager
Acorn Public Library**

BANKING SOLUTIONS

- Satellite radio
- Background music
- Meeting room
- Video conferencing
- Training labs

"I would like to take this opportunity to thank your company for the design and installation of our XM Satellite Overhead Music Systems for several of our branches. The systems are a more cost-effective solution and big improvement over other systems we reviewed as well as providing a pleasant atmosphere for our customers and employees."

**Chris Gerrib
SVP, Technology / Facilities Manager**

Digital Signage Solutions

Capture your customer's attention - get your message across - stand out from the crowd

Products that comprise "digital signage" includes LCD/Plasma monitors, media players, projectors, cabling, design, installation and networking services.

Signage is now a computer server based application that allows you to maintain, manage and edit your "message" remotely, all from a central location.

To find out more about how HBS can help you "send the right message", contact us today!

Audio

- Amplifiers
- Microphones
- Speakers
- Volume controls
- On hold music
- Intercom systems
- Paging systems

Video

- Projector Systems
- Commercial grade DVD & Blue Ray
- LCD monitors & displays
