We have made it even easier for you to take advantage of our BlockTime purchases by providing a more comprehensive list of discounted options.

Are you planning on a large project?

Do you prefer to have a consolidated statement instead of multiple invoices?

Do you need to budget your expenses for the upcoming quarter?

Please contact sales@htspc.net for more information on how to take advantage of this offer today!

Block times are based off the standard on-site network billing rate. Work items subject to different rates shall be posted and pro-rated. Blocks must be prepaid in full and may not be used to settle negative balances. Block contracts are non-transferable and expire in 12 months. At 10% of the original block, a statement will be issued illustrating account balance, as well as, providing you with renewal options. When the balance is exhausted, standard rate billing will apply.
